

## Perfect Control

Children are well and happy since you can quickly and easily maintain even temperature in your home day and night with

## Cole's Original AIR-TIGHT Wood Heater

Guaranteed to remain air-tight always.

The arrow points to the Patented Draft Control. Just as the engineer controls his locomotive so can you easily control the heat from this remarkable stove.

Owing to its air-tight stay-tight construction all air entering the stove must pass through the draft control. No control is possible with imitation stoves—Since their leaky side door and cast bottom construction can only be made temporarily tight with stove putty which soon dries and cracks, admitting air through numerous cracks, thus making regulation of the stove impossible.

We offer you quality goods at lowest prices. Prompt and courteous attention is our motto. Inspect our stock before buying.

Protect the health of the little ones with this guaranteed heater. Come in today.

## WAGON RUNS OVER HERMISTON MAN

HARRY GIESE SUSTAINS FRACTURED LEG—BOBBY WEST DISLOCATES SHOULDER ON HAY CHOPPER.

(East Oregonian Special.)  
HERMISTON, Sept. 28.—Harry Giese sustained painful injuries yesterday when his wagon struck a chuck hole in the road while taking out a load of baled hay from the McNaught fields. The two bales upon which he was sitting fell from the load, throwing Mr. Giese beneath the wheels of his wagon which passed over the lower part of his legs, fracturing some of the bones badly.

Herbert J. Longley, former well known Hermistonian, and owner of one of the finest apple orchards on the project is here from St. Paul looking after the marketing of his apples. Mr. Longley is more than pleased with the showing made by his young orchard this year, and believes there is a great future in store for the fruit industry on the project.

H. T. Fraser and son, Hugh, left yesterday for Portland where the latter will undergo an operation for the removal of adenoids.

In starting the engine of the McNaught hay chopper this afternoon, Bobby West suffered the dislocation of his shoulder blade. Drs. Healy and Wainwright were called to set the injured member.

F. W. Kehrli, government dairy expert, was here this morning en route to the state fair at Salem where he will act as one of the judges of the livestock exhibit.

## BROOKLYN IS ONLY HALF GAME AHEAD

NEW YORK, Sept. 28.—Philadelphia's defeat of Brooklyn yesterday, 8 to 4, cut the leaders' margin in the National league to half a game, while Boston's double loss to New York not only virtually eliminated Boston from the pennant race but advanced the New York Giants to within one game of Boston, making McGraw's team, which has now won 25 straight games, a bare pennant possibility. The standings of the leaders is:

	Won.	Lost.	Pct.
Brooklyn	90	58	.60811
Philadelphia	88	57	.60683
Boston	84	60	.58333
New York	84	62	.575

CHICAGO, Sept. 28.—Yesterday's American league games had little effect on the pennant race between Boston and Chicago. Boston lost to the Yankees but Chicago was prevented by rain and did not advance. The Red Sox now lead by two and one-half games and seem to be almost certain winners. The standings of the three leaders follows:

	Won.	Lost.	Pct.
Boston	88	61	.59069
Chicago	86	64	.57333
Detroit	85	66	.56358

## ROBE'S BLACK CANON BOAT IS COMPLETED

GRAND JUNCTION, Colo., Sept. 28.—Elsworth L. Robb, the explorer who plans to "shoot" the rapids of the Black canon next month, is on his way from Glenwood Springs to Grand Junction in his new boat, giving it a last try-out before making the dangerous trip. With him is Bert Loper of Torie, Utah. Robb has sent word that he will arrive here Sunday afternoon. Two thousand persons will greet him at the Main street bridge.

## WITNESSES TELL STATE OF S. P. CAR SHORTAGE

SALEM, Ore., Sept. 28.—Several witnesses told the state public service commission today of their inability to get cars from the Southern Pacific. The hearing, which was started in Portland a week ago, was resumed at 10:30, with the Southern Pacific represented by Counsel Assistant Manager Dyer and other employees. Cross examination of witnesses by Attorney Dey, of the Southern Pacific, was devoted largely to an effort to show that shippers did not always hurry the loading and unloading of shipments as they should have done.

H. J. Elliott, Perrydale, engaged in the flouring and warehouse business, said he was short a total of 37 cars on shipments of oats. His warehouse

capacity is exceeded and he is using an unroofed structure for the overflow. The result was that there is danger of damage from the elements. He admitted holding one car over two days and said that he was not disposed to load cars on Sundays.

Dr. W. S. Mott of Salem said he had a small interest in the Clement Lumber company of Gootsch. He was especially interested because he had sold timber to the company, and, owing to its inability to get cars to transport lumber and logs, it had been unable to make payments to him. The manager reported Monday that seven cars had been delivered for use in transporting logs.

J. S. Harper of the Salem Fuel yards, Salem, said he had been forced to purchase wood from farmers around Salem, at higher prices than he could have delivered wood here by rail, because the Southern Pacific failed to furnish cars. Since July he had ordered 22 cars and had received only six. His attention was called to the fact that he had held a car loaded with wood for three days, beginning September 15, and he explained that he did not, under the circumstances, have to pay demurrage. It was brought out that he preferred to sell

# Real Automobile Values

ALCO—1913. 5 Pass. A powerful car of the best materials that money can buy. Electric generator and lights. Demountable rims with two extras. Tires good. In excellent mechanical condition. Newly painted	\$1150.00

## Keeps Her Children In Perfect Health

DR. CALDWELL'S SYRUP PEPSIN THE FAMILY LAXATIVE FOR MANY YEARS.

Mrs. Aug. Doellefeld of Carlyle, Ill., recently wrote to Dr. Caldwell, at Monticello, Ill., that she has used Dr. Caldwell's Syrup Pepsin in her home for a number of years, and would not be without it, as with it she has been able to keep her four children in perfect health.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin that acts on the bowels in an easy, natural way, and regulates the action of this most important function. Nearly all the sickness to which children are subject is traceable to bowel inaction, and a mild, dependable laxative, such as Dr. Caldwell's Syrup Pepsin should have a place in every family medicine chest. It is pleasant to the taste and children like it, and take it readily, while it is equally effective for adults.

Dr. Caldwell's Syrup Pepsin is sold in drug stores everywhere for fifty cents a bottle. To avoid imitations Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

you get Dr. Caldwell's Syrup Pepsin. See that a fac-simile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

## Why Not Get Rid of Eczema?

If your skin itches and burns with eczema or any such tormenting, unsightly skin disease, simply wash the sore places with Resinol Soap and hot water, dry, and apply a little Resinol Ointment. Usually, the itching stops. INSECTICIDE, you no longer have to dig and scratch, sleep becomes possible, and healing begins. That is because the soothing, antiseptic Resinol medication arrests the action of the disease, and almost always restores the tortured, inflamed skin to perfect health—quickly, easily, and at little cost. Prescribed by doctors for over 20 years, and sold by every druggist.

## What the Right Soap Does for Your Skin

Many cannot buy a pure, one cleansing toilet soap that Resinol soap. And the healing Resinol medication in it helps to keep the complexion clear, fresh, and beautiful.

the wood from the cars, where possible.

## LIQUOR ARGUMENT IS SCORED BY HANLEY

Declares Its Silly to Say That More Liquor Is Sold in Prohibition State.

RATON, N. M., Sept. 28.—The argument that more liquor is sold in "dry" states than in "wet" frequently advanced by the saloon interests, was declared "silly" today by Ira Landrith, prohibition candidate for vice president, at the last meeting of the "dry" special train campaigners in New Mexico.

"Do you think for a minute that if the assertion were true the liquor interests would be fighting prohibition," he asked. "Wouldn't it be good business for them to make every endeavor to increase the 'dry' territory if their sales increased proportionately? It certainly would, and they are wise enough to know that. They would be contributing to the expenses of this special train if liquor consumption would be increased by our work and I give you my word they haven't given us a cent."

From here the special train left for Colorado. Meetings were to be held today at Trinidad, La Junta, Rocky Ford, Pueblo, Colorado Springs. Frank Hanley is suffering from "candidate's voice" and finds difficulty in speaking.

## NATIONAL BASEBALL MEETING HELD IN N. Y. ON TUESDAY

NEW YORK, Sept. 28.—The National Baseball Commission meeting to decide the schedule of the world's series games probably will be held Tuesday in New York.

## \$100,000 FIRE AT FINDLAY, OHIO

FINDLAY, O., Sept. 27.—Fire which started late last night in a shed adjoining the three story plant of the Findlay Carriage company, destroyed that building and eight others, entailing a loss estimated at \$100,000. Cables to the city lighting plant were destroyed and the town was thrown into darkness.
